

Melanin The Healer & Science Teacher

AYA EDUCATIONAL INST.

We will follow melanin to understand, appreciate and use the biological and chemical properties and functions that make it a powerful healer as an antioxidant, nerve conduction facilitator, and energy converter.

AYA has proven that kind of study helps nurture our own **Ngolo Zandiakina** - self-healing power and therapy as taught us by Nana Kia Bunseki Fu-Kiau. It also stimulates student science motivation and achievement. *We show you with student examples!*

BY AYA CO-DIRECTOR: Baba Wekesa Madzimoyo

It's deeper than the skin you're in!

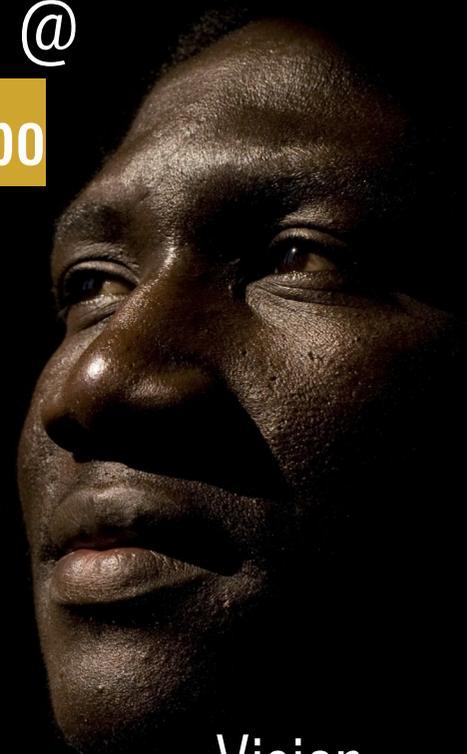

Breathe Deeply

Learn the **POWERS OF MELANIN HEALING SCIENCE** to heal, teach, and transform @ **2023 Liberated Minds Expo**

FEATURES:

- MHS curriculum
- Parent Courses
- Youth Courses

MHS

Melanin Healing Science

Melanin

Breathe deeply.

Now deeper.

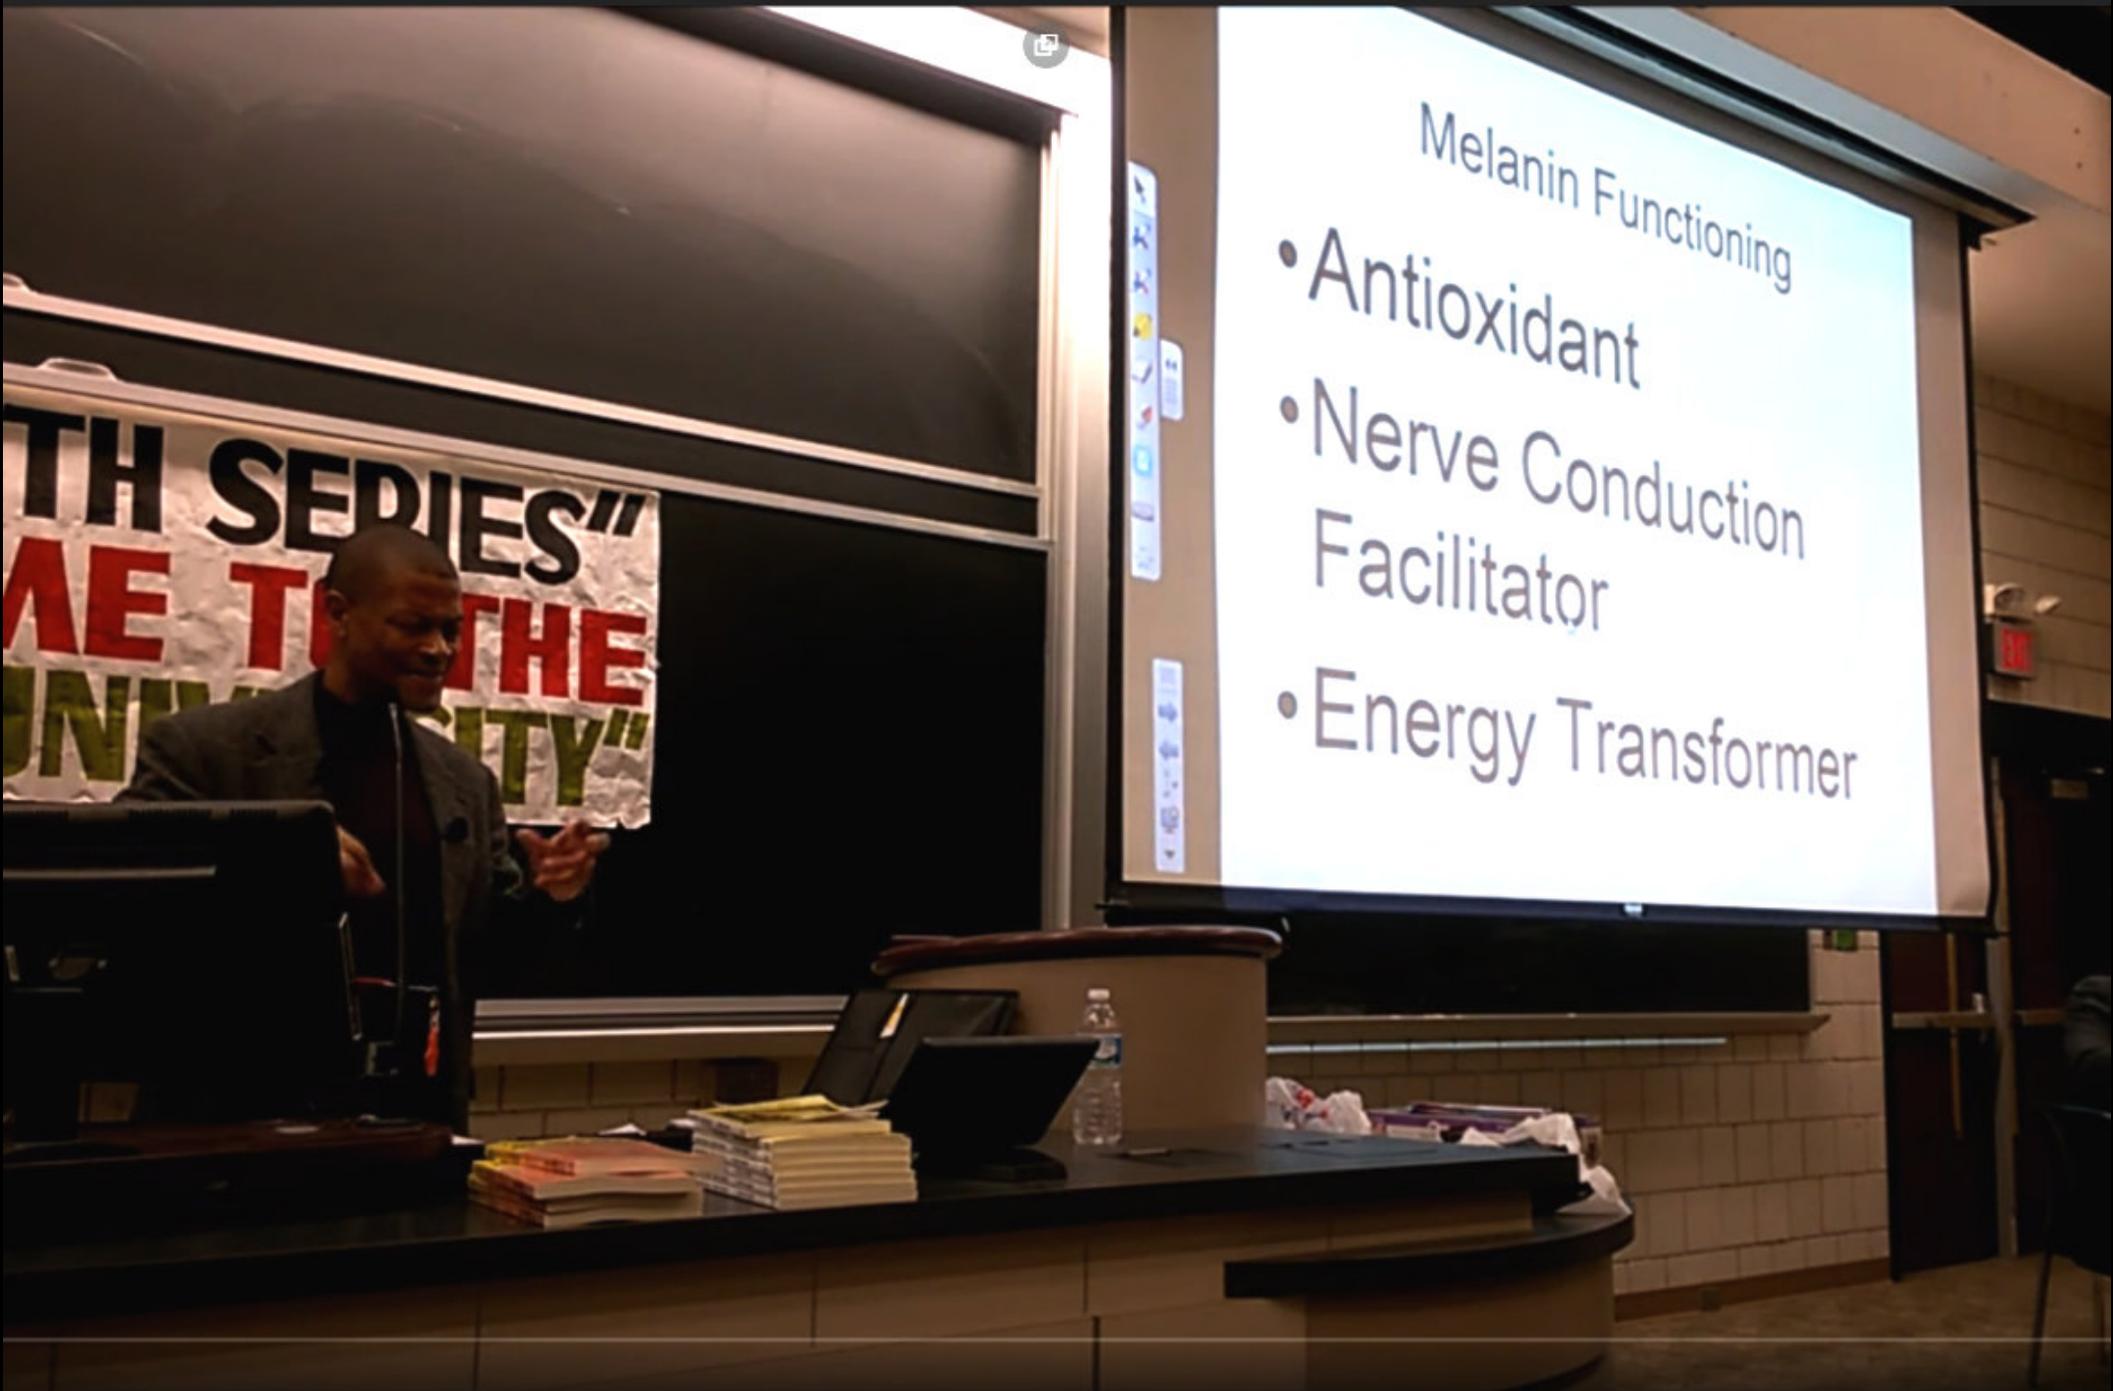

Because it's
deeper than the
beautiful skin
you're in.

Deeper...

Learn the powers of
melanin to heal and to transform.

The Cross-Over

More than a basketball move, it's melanin - on the move - changing life as we know it. Learn about the cross-over, about melanin healing science.

PRESENTED BY: AYA EDUCATIONAL INSTITUTE

Melanin

Vision.

See better, stare into the
darkness, the blackness.

Don't focus. Just take it in.
Let the blackness heal the
wounds. Let it teach you
how to see, and
how to see...

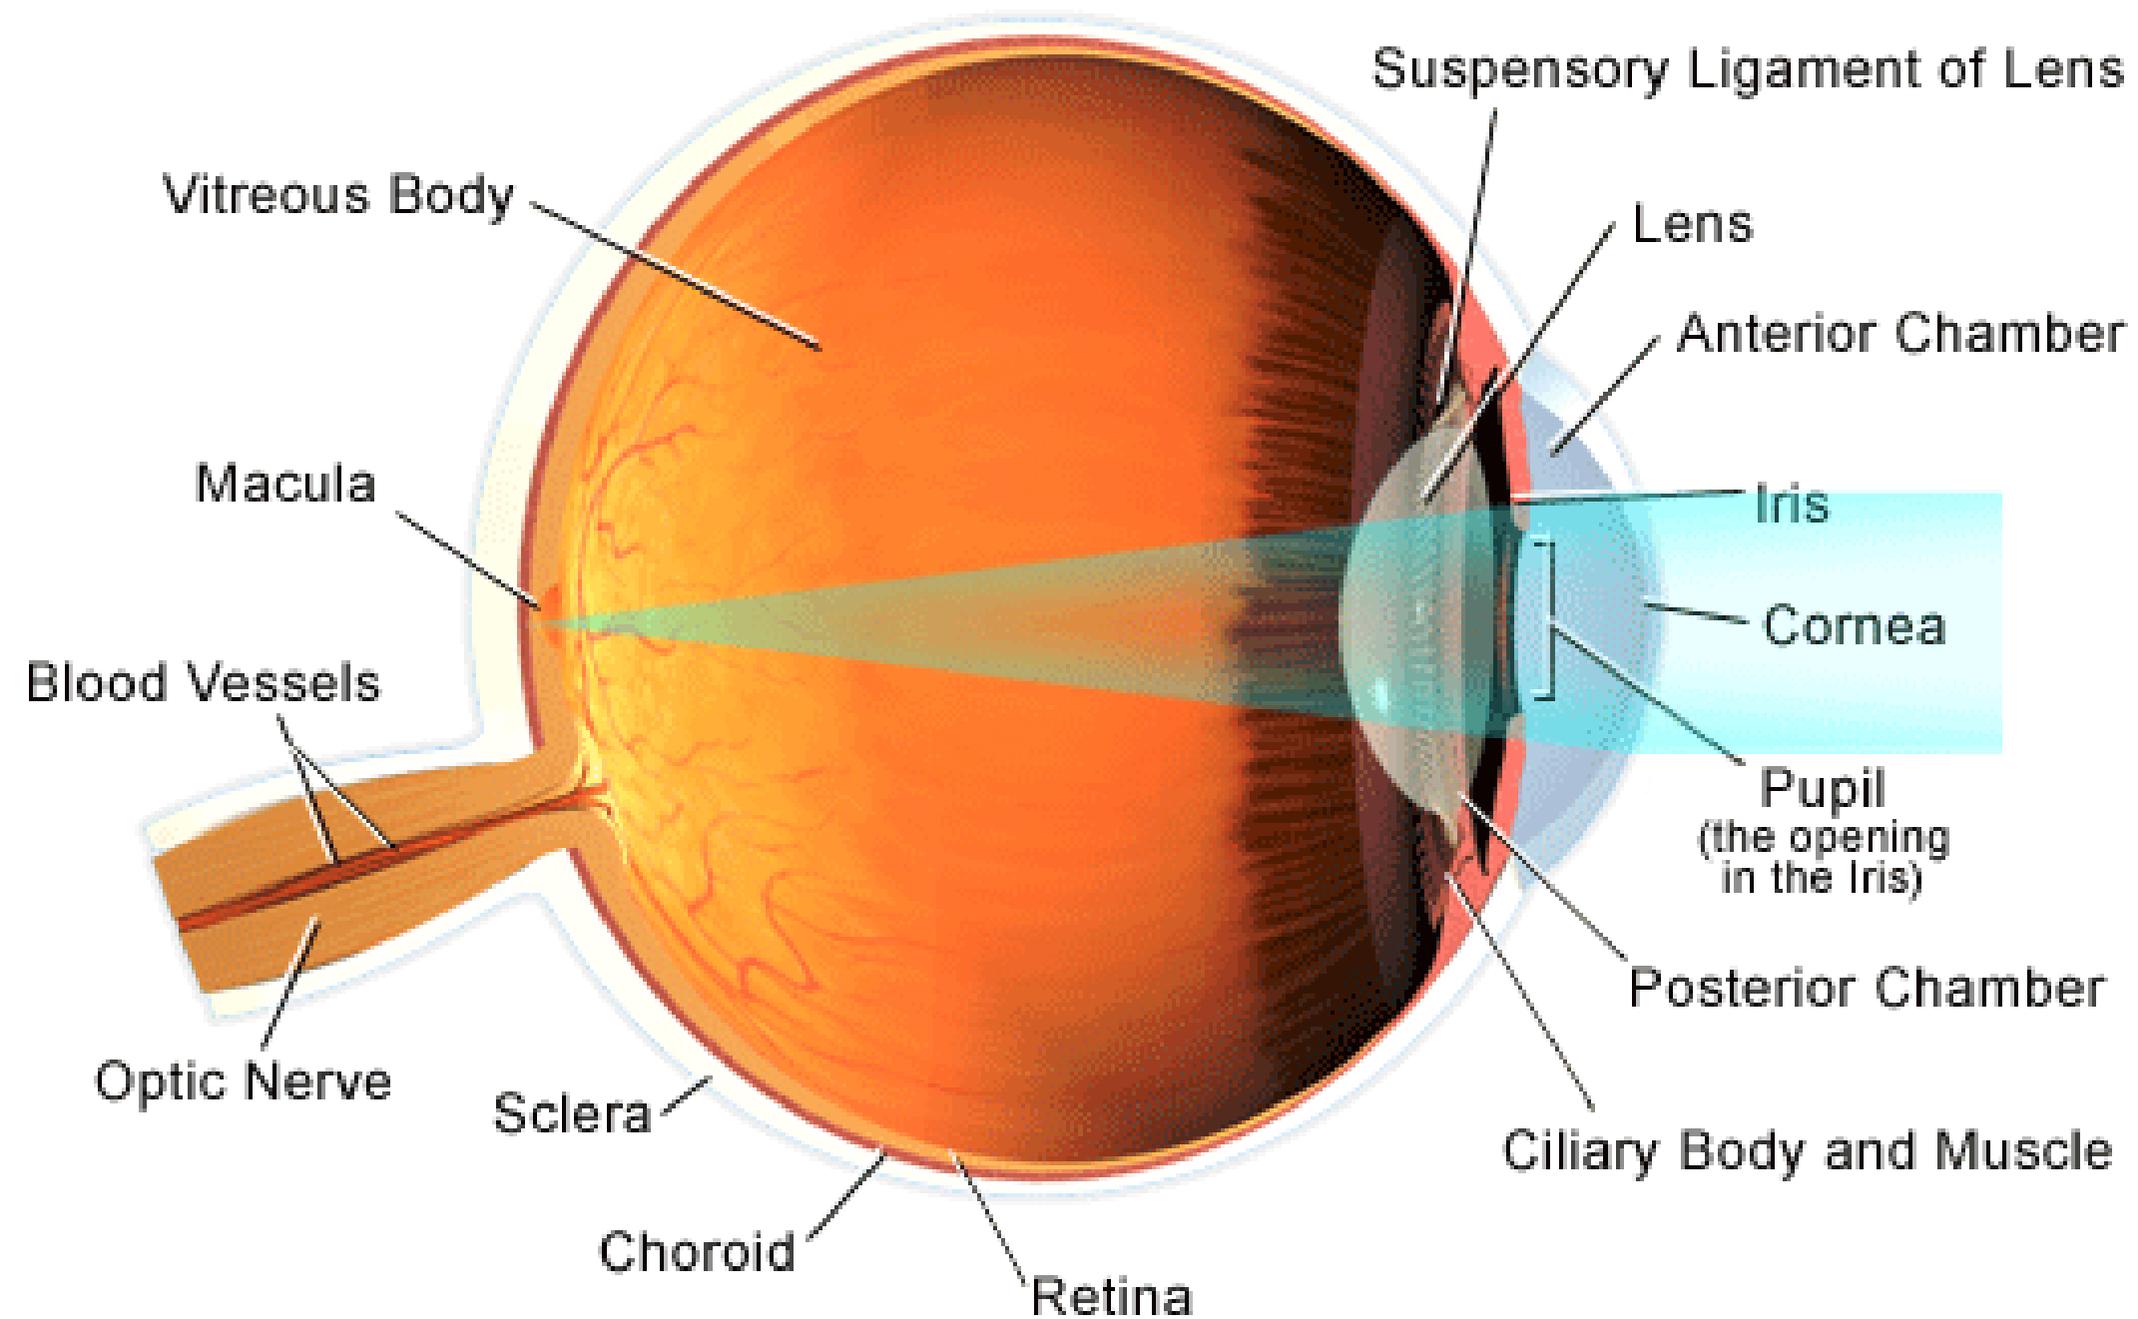

farther...

Learn the powers of
melanin to heal and to transform.

Melanin

A
Stable
Free Radical!

Think on that
for a moment...

Nah, too fast.

Let it sink in
deeper.

What other lessons does melanin hold?

Learn the powers of

Melanin Healing Science.

Melanin

Wanni Bibi

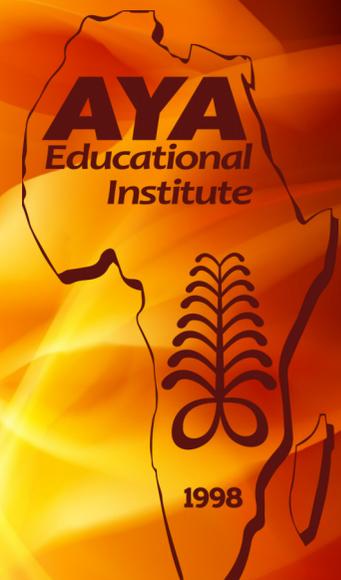

The Black Sun

Up high in the
noonday sky.

It's the sun - **blazing**; showering
powerful photons on us. Our
West Afrikan (Songhai)
ancestors called it "Wanni Bibi."
The Black Sun! Why black when
it's brightest?

Did they know something we have
forgotten - the power of blackness
to heal and stimulate growth.

Melanin Healing Science

Melanin Healing Science - Where science instruction meets us (youth and adults) where we live then moves out from there.
See you at the **Liberated Minds Expo** in Atlanta and online.
